

CALLING ALL FORENSICALLY-TRAINED CLINICIANS

Are you looking for your next step or adventure? Come and explore with us, at Te Whatu Ora – Health New Zealand, [Central Regional Forensic Service - The Mental Health, Addiction and Intellectual Disability Service](#). We are a centre of forensic excellence mainly situated in the beautiful lower North Island of Aotearoa, New Zealand.

With border restrictions decreasing, Aotearoa New Zealand is a country of stunning beauty where you can find the perfect work/life balance. If you enjoy skiing, surfing and outdoor adventures, join us and explore rugged coastlines, ski on dormant volcanoes, visit caves filled with glow-worms, hang out in Hobbiton, sip coffee in cafes in Wellington and enjoy the welcoming hospitality of our tangata whenua – our people.

Te Korowai Whariki, Central Regional Forensic Service provides a range of services for adults and youth, including the National Youth Forensic Service and the newly developing national Fixated Threat Assessment Centre. Our Service will not only present you with your next challenge but offers an unparalleled lifestyle with the opportunity for career progression.

What's in it for you?

- Knowledgeable, high-achieving, experienced teams
- An international and diverse work environment
- Flexible work/life balance in a friendly and relaxed location
- Training and professional development opportunities
- Continued professional development and upskilling is supported and encouraged
- An attractive relocation package

We have opportunities available for psychiatrists, psychologists, social workers, nurses, occupational therapists and many more. Contact us now on +64 27 225 1924 or email Sandra Tam at sandra.tam@ccdhb.org.nz for further information.

We require all our employees to be fully vaccinated against COVID-19. This includes the booster dose within six months of receiving the second dose of initial vaccination (for some people the initial vaccination will have comprised of three doses). We are not accepting applications that do not meet this criteria.
